📇 Profile description

Passionate and dedicated Software Engineer with over 4 years of experience building scalable systems and tools across fast-paced tech environments. Proficient in Java, Scala, and modern development frameworks, with hands-on experience in DevOps. Adept at delivering high-quality solutions in agile teams and actively exploring new technologies. Open to relocation opportunities.

💼 Professional Experience

10/2021 – present	**Software Enginer,** *Sky Betting and Gaming*	Leeds, UK

- Developed and deployed customer-facing bet promotions, contributing to increased user engagement.
- Migrated critical legacy Jenkins CI pipelines to a modern Jenkins platform, reducing deployment friction.
- Handled on-call duties, ensuring system reliability and swift issue resolution during off-hours.

02/2021 – 09/2021	**Graduate Software Engineer,** *The Hut Group*	Manchester, UK

- Built Java Spring Boot microservices in an agile, test-driven environment.
- Designed a web-based internal application to monitor and manage language translator contractor activities.

07/2019 – 10/2019	**Junior Java Developer,** *UniCredit Services*	Iasi, Romania

- Supported the development of the TFO project using Java 8 and OCR-based data processing.

🎓 Education

09/2017 – 07/2020	**Computer Science,** *University of Sheffield*	Sheffield, UK

- Web officer of the Romanian Society
- Student Ambassador and Mentor
- Graduated with 2.1
